

Your way to the student council of Mechanical and Process Engineering!

You'll find this room on ground level at the southern end of the building right next to the study hall, which is located in the middle of the building and uses most of its space.

On this map, you can see the campus "Lichtwiese". In the west, there are a few buildings which are quite close to each other. These are the buildings of group 3 (marked with L3). You'll find us in the biggest of these buildings (L3|01).

The entrees that are marked by the arrows are the closest to the council's room. The blue dot marks the room.

Most of the time there will be someone at the council during the week, but there are no fixed opening hours, so just come over whenever you want to, send an E-Mail or call us.

We are looking forward to seeing you! ☺
